

Sharps E-Learning

Training covering what Sharps are and how to prevent injury or infection within the workplace.

20 minutes

Online Learning

Institution of Occupational
Safety and Health

About the course

This online training course teaches learners ways in which they can try to prevent injuries and best practices for employees to follow.

Available in 35 languages. Machine translated* content is included and includes navigation, transcripts and test questions.

*Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.

Who should attend

This Sharps training is ideal for delegates that might use Sharps in their work, at home or while travelling, regardless of their industry. You will learn about the health risks and disposal of Sharps.

Course syllabus

The course modules cover:

- What are Sharps?
- Preventing the spread of infections

Certification

Delegates will receive a HSS printable certificate in Sharps upon completion of the course. This course is approved and accredited by IOSH & Skills for Care.
