

Slips, Trips and Falls

E-Learning

Training in the prevention of slips, trips and falls within the workplace.

30 minutes

Online Learning

Institution of Occupational
Safety and Health

About the course

With an estimated 29% of all accidents in the workplace being down to a slip, trip or fall incident, it is essential that all delegates have a thorough understanding of their duties to prevent these incidents, and what to do if an incident involving a slip, trip, or fall occurs.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

*Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.

Who should attend

This training course has been designed to help all delegates from various levels within their organisation. It aims to provide an understanding of why slips, trips and falls occur and what delegates can do to ensure that they are reducing the chance of an incident of the sort occurring.

Course syllabus

The course modules cover:

- Responsibilities
- Slips & trips
- Falls.

Certification

Delegates will receive a HSS printable certificate in Slips, Trips & Falls.

This course is approved and accredited by IOSH, Skills for Care.
